IN ORDER TO MEET THE REQUIRE-MENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch

us, we have lately issued a new style of watch on the three quarter plate model, especially designed for this purpose.

In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss watch manufacturers; and no labor or expense has been spared to this end!

In all respects of fine and durable materiol; of external and internal finish, accurate compensation and adjustment, of mathematically just propertions, and of practical results our new three-quarter plate watch challenges compelition with any in the world.

The experience of thousands daily proves that no preparation of Iron cambe compared with it. Imprities of the blood, depression of vital energy, pile and otherwise sickly complexions undent this necessity in amount every conceivable case. Inuxonous in all malacies in which it has been trien; it has proved absolutely curstive in each of the forlowing complaints, viz:

cases of consurencess, without ever heing a gastrie purgative, or inflicting a disagreeable sensation.

It is this latter properly, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single bex of these Chalybeate Fils has often sufficed for the most habitual cases, including the attendent Costigeness.

In unchecked Distribute, even when advanced to Dyschuery, confirmed, emaciating, and apparently malignant, the effects may be one equally decisive and astonishing. In the local patten, loss of flesh and stength, achilitating coupit, and remittent hectic, which generally indicate Inceptent Constanting friends and physicians, in several very gratifying and interesting instances.

In Scroftilous Tubercellous, this medicated iron has had far more than the good effect of the most canbously balanced preparations of iodnic, without any of their well known liabilities.

The attention of females cannot be two conducted, in the cases peculiarly affecting them.

In Rhommansm, both chronic and in flammatory—in the latter, however, more decidedly—it has been nevariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In latermittent Fevers, it must neces sarily be a great remedy and energetia restore.

FOR VICE-PRESIDENT. Hannibal Hamlin, OF MAINE.

Organ Concert.

Last week there was a very fine organ exhi-bition, compled with a concert of vocal music, at the chapel of the Providence Conference Seminary, at East Greenwich. We are pleased to olifoniels the prosperity of this excellent institution, and also to mention this renewed evidease of stirring enterprise in its manage-ment. In this respect, (music) we think that nant. In this respect, (music) we think that the pupils would be absent in June, another there is no similar institution in the State part in July, and another part in August; which is its equal or anything like its equal; and we also think there are very few in the for the daily practice of their inmates.

This organ is from the well-known manufac tory of Simmons and Wilcox, of Boston, Mass. It contains two banks of Keys. Compass from CC to G in alt, fifty-six notes; and two and a quarter cotaves of Pedals Compass from CCO to D tweaty-seven notes .

The action is reversed, and the player faces the audience. There is no case to the organ like that which is generally seen, but it stands behind a scroon of fret work, of a very hand some design.

It is painted in parti-colors, the fret work being flesh color, the stiles French gray, and the box that the keyboards are in, grained

On this occasion Mr. Wilcox of Boston, who has "exhibited" several organs in this city, and is well known as a player by our citizens, presided at the keyboard. It will readily be believed that his efforts were productive of much pleasure to his hearers, for his improvis ing upon that instrument is excellent.

The vocal music was by Mrs. Reynolds and Miss Baker of Providence, and the vocal class in the institution, under Mr. Tourjee of this city, the whole under the direction of the latter gentleman.

The honored and talented principal of this institution-the Rev. M. J. Talbot-was, a short time since, a beloved paster in Newport and his departure was coosidered by his poople and the citizens generally, a great log-Mr. Touriec is and has been for four years a popular teacher of music in this city; and, as on these accounts we have thought our readers would be interested in the success of these gentlemen, as well as glad to learn of the prospority of so good an enterprise, we have given so much space to the matter. We hope that the Seminary and its teachers will be stimulated to yet further efforts for the public bene fit, by these smiles of Providence upon their labors.

Brown University.

To-day, the Commencement exercises wil open at this venerable seat of learning. It will be recollected that the Hon, George H. Calvert, our respected townsman, is to-day to deliver a poem before the "Philermenian" and "United Brothers" Societies in the Rev. Dr. Hall's Church. Persons wishing to hear it, will have ample apportunity to do so, by leaving at 11 o'clock in the Goldon Gate or the Perry at 1 15 o'clock, and return to-night. The Hon. Thomas A. Jenekes will deliver

the oration Wednesday, before the Phi Beta Kappa Society.

This evening the class of 1040 have their meeting, they having ou their day of graduating agreed to meet every ten years.

POOR RICHARD'S EYE WATER.

FILLADRIPHA, July 25, 1890.

For eixteen years I had sore and inflamed free and appellus. My father and mysel speak not, less than two hundred and fifty dollars for a cure, but all in vain. Although, we employed six of the best physicians in this city at different times, they used all the skill in their power, but to no purpose; so in flamed were my eyelids that all my cyclashes came out. W. Wishart, at 56 Suuth Third Street, seeing my sufforing, presented me with a bottle of Poor Richard's Bye Water, and I thank God that though I have not used two buttles, my eyes are all well and my lashers growing out rapidly.

AROMATIC DIGESTIVE CORDIAL.—
This excellent and agreeable preparation is one of the best means of improving the appetite, promoting, digestion, and giving strength and tone to the stomach, which has yet been offered to the public.

It is an old German receipt, and has been in use for many years in the families of the manacturers, where it has proved an invaluable remedy for DYSPEPSIA, HEART-BURN, FLATULENCE and CRAMPS IN THE STOMACH, around cold or indigestion. All persons having the least tendency to indigestion should never be without it, as a small wine plais "full, taken after meals, will exclude the possibility of contracting the dayspepsia.
